Submitted Samples

S = Sire | D = Dam | O = Offspring

If a parent sample is already available at Generatio, please indicate the corresponding number under 'Sample No.'

PLEASE NOTE: Samples are registered at Generatio with the basic data only. Please complete the information in the online animal records of your user account.

Sample material:

Position	Name	Chip (as barcode sticker)	Sample No. – Generatio
S			
D			
O			

If further offspring are to be tested, please list them on a separate sheet and submit the required samples for all of them.

Please also ensure that all submitted samples are clearly labelled and can be unambiguously assigned to the correct animal.

For all submitted samples — unless already on file — a DNA 'identity' profile is created. The price varies by species. Please check our website for the applicable requirements and prices.
